The screenshot shows a web application interface for managing destination emails. On the left, there is a sidebar with two sections: 'Main control' and 'CSV control'. The 'Main control' section includes options like 'Import CSV', 'Manage Emails', 'Add Email', 'Create Admin', 'Admin User List', and 'Export CSV'. The 'CSV control' section includes 'Destination Email' and 'Search & Export CSV's'. A green arrow points to the 'Destination Email' option in the sidebar. The main content area is titled 'Destination Email' and features a form to 'Add Destination Email'. The form has an 'Email Address' input field with a placeholder '@jointhisclub.com' and an 'Add Email' button. To the right of the form is a graphic with the text 'data entry'. Below the form is a table with the following data:

S.No	Destination email	Action
1	Customer-Service@jointhisclub.com	Delete
2	BetterDeals@jointhisclub.com	Delete
3	EnterData@jointhisclub.com	Delete
4	SetUpAccount@jointhisclub.com	Delete
5	Contactus@jointhisclub.com	Delete
6	Demo@jointhisclub.com	Delete

A red arrow points to the 'Destination Email' option in the sidebar, and a yellow arrow points to the 'Delete' button in the table.

We create automated web site landing pages for customized forms for our clients' requirements.

Customer-Service inquiries, **Better Deals** inquiries, **Enter Data** for any non-profit, **Set up Account** provisioning, **Contact Us** forms to ad hoc **Demos** all are using our internal proprietary IT infrastructure.
