

Let **Decade Transmitters** www.Decade.ca and **Tourism Radio** www.1800FM.com put your resort town on the tourism map with your own local tourism information FM radio station! We can provide a turn-key solution and install and run the **radio station remotely** from our central head office with our freelance radio announcer voice talent as well. Drive lucrative tourism highway traffic and customers into your town off the highway so they spend at your local restaurants, hotels, attractions and shopping and sight-seeing venues!
